Organs that gentlemen play, my boy, To answer the taste of the day, my boy Whatever it be,
They hit upon the key,
And pipe in full concert away, my boy. News from all countries and climes, my boy, Advertisements, essay, and rhymes, my boy. Mixed up with all sorts Of (f) lying reports, And published at regular times, my boy. Articles able and wise, my boy,
At least in the editor's eyes, my boy,
And logic so grand
That few understand
To what in the world it applies, my boy. Statistics, reflections, reviews, my boy,
Little scraps to instruct and amuse, my boy.
And lengthy debate
Upon matters of state,
Por wise headed focks to pursue, my boy.

The funds as they were and they are, my boy.
The quibbles and quirks of the bar, my boy.
And every week
A clever critique,
On some lising thearica, star, my boy. The age of Jupiter's moons, my boy,
The stealing of somebody's spoons, my boy,
The state of the crops,
The style of the lops,
And the wit of the public buncons, my boy. Lists of all physical fils, my boy,

Banahed by somebody's pills, my boy.
Thi you ask with surprise,
Why any one dies,
Or what's the disorder that kills, my boy. Who has got married, to whors, my boy,
Who were cut off in their bloom, my boy,
Who has a birth
On this sorrow stained earth,
And who totters fast to the tomb, my boy. The p.ices of cattle and grain, my boy,
Directions to ig and to drain, my boy,
But it would take me too long
To tell you in song,
A quarter of what they contain, my boy.

THE CHARLESTON MARKET, [FOR THE WHEE ENDING THURSDAY, OCTOBER 31.] COTTON .- The business in the staple f r the first two days of the week had an advancing character, in cousequence of the active and improving condition of the Liverpool market; but on Monday last the article here became weaker, and has since had a declining tendency. On Friday last the "cable" quoted Liverpool at 8%d., afterward moving up to 8%d. > 15. for Middling Uplands, but has since fallen off to 83/d. W ib .- New lork at the same time opening at 19, advancing to 20½, and closing yesterday at 19 @ 19½c. P ib. for New York Middlings, the article here, on the first day of the week, selling at 17% 18c. for Middling Upland, improving to 18c., and closing yesterday at 17 @ 1714c. 7 15. for the same grade. The weather continues fine for the gathering of the crops, and the receipts at this point are increasing-say 109 bales Sea Island and 8299 bales Upland, against 66 bales Sea Island and 5807 bales Upland the week before, ar 1 83 bales Sea Island and 4584 bales Upland for the corresponding week last year. We submit the following statement of the transactions in the article here for the

On Fridry, October 25th, the advancing condition of the staple at Liverpool caused a byoyant market here, and prices improved & to Mc. B ib., holders at the close generally asking higher rates. Sales over 400 bales; Low Middling being quoted at 17 a 17%, Middling at 17% a 18 and Strict Middlin - at 185; a 185cc. 9 tb.

On Saturday there was a fair but not very active inquiry; holders were, however, very strong under advancing prices at Liverpool, and during the latter part of the day were, in many cases, asking an advance. Sales 400 bales, Middling being quoted at i8c., and Strict Middling at 181/c. 7 1b. On Monday the market was quiet and prices less

strong. Sales 400 bales, Low Middling being quoted at 17%, Middling 18, and strict Middling at 18%c. 78 15. On Tuesday, prices were less strong, and while factors obtained previous figures in some instances, others had to sell at %c. % th decline. Sales 503 bales; Low Middling being quoted at 17@17%, Middling at 17%@18, and Strict Middling at 18%@18%c. W ib. On Wednesday, buyers operated freely, prices receding from ¼ to ½c. ₩ lb, closing weak at the larger decline. Sales 830 bales; Low Middling being quoted at

 ing, but still continue of the most scanty character. One of our most reliable cotton merchants estimates the crop of Florida Long Cotton at 8000 to 10,000 bales, that of Georgia about 1500 to 2000, and that of South Carolina at 2600 to 3000, making a total of not over 15,000 bags. The estimates which have been made in some quar-ters, placing the crop at 25,000 bags, is entirely too high. Floridas have been sold duving the past week at 40, 43, 45 and 60c. for a few extra lois. The bulk of the receipts have been of an inferior quality, and more or less stained. These qualities are not in demand, because the Egyptian long staple, at 10d. to 12d., come in competition with them. Clean bright Florida Cotton is in demand, at 43@50c., and when the staple is long and fine range up to 60c. 2 tb. A few sales of choice Sea Islands have been sold at \$1 % ib and upward.

DEFER NOT THE USE OF RODRIGUE'S PULMONIG BLIXIR SPECIFIC

MANY WHOSE DECLINING HEALTH, WHICH was precarious, and their recovery despaired of, do now with grateful emanations to the All-Wise Disposer, offer heartfelt thanks for this timely remedy. During the short time since its public introduction into use, the Originator has most happily realized her most sanguine expectations in manifestations issuing from all quarters of its unparalelled curative properties, for in no case where it has been administered with regard to directions, and persevered in, has it failed in its beneficial results.

In resorting to this remedy, the invalid can depend upon the safety of every article in its preparation, and while it accelerates the healthful reactions of each organ and vessel, the mind can be perfectly free from apprehension of any subtle ingredient being insinuated into its composition.

hension of any subtle ingredient being insimused into a composition.

The appetite, which improves under its administration, is at liberty to indulge prudently in whatever nutriment is palatable, digestive and wholesome, and while it is no more than proper to avoid exposure to fresh cold, no lear need be entertained of any liability under this course of treatment to induce it. It is a pleasant AROMATIO CORDIAL, quite agreeable to the taste, and as a lung revivityer and balsam of health, it is distinguishing itself as without precedent, and we trust will, ere long, claim for itself general acclamation for its unrivalled efficacy.
